STONY BROOK LODGE WILTON, MAINE

Stony Brook has lodges in two locations to insure that we do not over hunt the areas and can continue to produce trophy game. Our Maine hunting is done in the majestic rugged western mountains along the Quebec border. Our fall guided hunts consist of trips for fall bear over bait, bear with hounds, whitetail deer, bobcat and moose. Our lodge in New Brunswick (Sunset View Lodge) is located just seven miles over the border and is nestled on the shores of Palfrey Lake. Here we offer our spring bear hunts and fishing combo trips. Both areas are rich with game and breathtaking scenery and terrain.

Here are 20+ reasons why Stony Brook should be your outfitter of choice!

- Outfitting and guiding is not a job to us – its our passion!
- Ability to hunt remote wilderness areas without adding hours onto your driving time.(Maine's & New Brunswick's best kept secret!)
- Established and licensed since 1980
- Life member and officer of the Maine Professional Guides Association since 1990
- Recognized as Guide of the Year in 1999 by the Maine Professional Guides Association
- WiFi Available
 - Stony Brook Lodge(Maine) - Free
 - Sunset View Lodge(New Brunswick Canada) - Minimal Charge
- We guide in some of the most game rich areas in Maine and New Brunswick
- World class opportunities to take trophies of your choosing
- Remote mountainous terrain with prime habitat
- Established bait sites with both tree stands or ground blinds
- Active, registered pre-baited black bear sites (up to 3 active sites per hunter)
- All transportation to and from your hunting area in dependable vehicles included
- Proven bear bait using our own “recipe” and baiting techniques
- Professional, knowledgeable and competent guides and staff
- Skilled skinning services included
- Top notch, proven bear and bobcat hounds for hunting and tracking wounded game.
- Personalized service – self-imposed hunter to guide ratios(below legal requirements)
- Clean, comfortable, first class accommodations
- Unmatched quality and quantity of home cooked meals and deserts
- No gate or hidden fees.

STONY BROOK LODGE WILTON, MAINE

About Us: Stony Brook was established in 1980 because of the great appreciation of Maine's vast wilderness and game by the owners, Bob & Jaye Parker. Both grew up in families that were hunting and fishing enthusiasts and it just seemed right that we wanted to share that knowledge and experience with others. We began this adventure and found it to be exactly what we envisioned.

We specialize in big game hunting and offer personalized, professional outdoor adventures. Our commitment to you is to assist you in making your hunt productive as well as memorable. We offer Black Bear (with hounds and over bait), Whitetail Deer, Moose and Bobcat hunts. Our hunter to guide ratio is 2 to 1 on Black Bear and Bobcat hound hunts, 5 to 1 on Black Bear over Bait and Deer hunts and 1 to 1 on Moose hunts. We limit the number of hunters per week to match these ratios thus keeping our commitment for personalized services. We provide all meals, lodging, transportation to and from the hunting area and guided services. There are NO gate or hidden fees.

Lodging: Stony Brook Lodge offers you the comforts of home in a rural setting. Swap stories in the game room or relax in the den. Sleeping facilities consist of bunk rooms containing one to three bunk beds, depending on the size of the parties. Also, there are two rooms available with double beds for husbands and wives. Enjoy home cooked meals in the dining room with new and old friends.

BIG GAME HUNTS Bear Hunt With Hounds

This hunt is one of the most exciting hunts available in the Northeast. We have 14 highly experienced proven hounds to find and track the big bruins with. Our dog handlers have been running hounds since their youth and work as a team with the hounds on the hunt. You get to participate in the hunt by helping your guide handle the dogs. You will also earn an appreciation of the dog's ability to run this big game animal and your guide's knowledge of his dogs and the game you are hunting. We use state of the art telemetry tracking equipment to follow and track our hounds. While this is a highly successful hunt it also allows the hunter the opportunity to size up the bear with the help of an experienced guide. You are under no obligation to shoot anything that does not meet your standards. Hound hunting gives the hunter the unique opportunity to practice catch and release! The average bear weighs about 170 - 300 pounds but we have taken bear weighing over 600 pounds! We average about a 95% success rate on this hunt. Hound hunters, in the month of October, can take advantage of the grouse hunting while in chase. So plan on bringing your shotgun as a bonus.

MAXIMUM HUNTER TO GUIDE RATIO = 2 / 1
PRICE: \$2400.00 PER PERSON

Bear Hunt Over Bait

Maine has the largest bear population in the Northeast and we are committed to helping you bag one of these trophy animals. We personally guide and transport you to your baited stand, bait your site for you and pick you up after shooting hours. We have approximately 250 sites that we keep active by baiting every day. The bear are baited with special baits and scents that will draw them from long distances and will keep them coming back. We put you on active stands but recommend you move after two days if you have not killed. This helps increase your odds. All tree stands are portable ladder stands 12' to 14' high. Tree stand shots vary from 12 to 20 yards for the bow hunters. Gun hunters can expect shots varying from 12 to 35 yards. We also have numerous ground blinds which offer more comfort and longer shots. We have some of the best hounds in the state to track him should you happen to wound the bruin. We hunt the Western Mountains and Rangeley Lakes region which provides an abundance of trophy game. The bear hunt over bait gives the hunter the opportunity to go one on one with this admired trophy animal.

MAXIMUM HUNTER TO GUIDE RATIO = 5 / 1
PRICE: \$1900.00 PER PERSON

MAINE

Moose Hunting

Maine has the healthiest population of this incredible animal then anywhere else in the continental USA. A permit drawing controls this trophy hunt. If you are fortunate enough to draw a permit, we can show where the trophy moose are plentiful. The body weight and class of this trophy animal is world class. Success rates are extremely high. Most of the time, moose hunting is done driving on old wood roads scanning old cuttings where this animal spends much of its time feeding. We also encourage walking the outskirts of the cuttings hoping to come across a moose bedded down. Our guides are also versed in the art of calling. We can be flexible with the type of hunting you prefer. Let Stony Brook Outfitters make this once in a lifetime trip one to remember. Zones we guide in are 8,7,14,12,13,16. (Zone 16 is a November hunt) You can make this November moose hunt a combo hunt for deer. Contact us for details!

WE NOW HAVE ACCESS TO OVER 10,000 ACRES OF GATED LAND FOR ZONES 7 AND 12
MAXIMUM PERMITTEE TO GUIDE RATIO = 1 / 1
PRICE: \$2200.00 PER PERMITTEE
\$1050.00 PER SUB-PERMITTEE

Deer Hunting

Harvesting a trophy Maine buck is truly a memorable experience and will test the skills and ability of any hunter. Our guides know the areas we are hunting and concentrate on areas where there is evidence of big bucks. Our experienced guides are looking for the big rubs and active scrapes. Our terrain consists of rolling hills with a healthy mix of hard and softwoods. We have swamps, beech and oak ridges, some farmland and an occasional abandoned apple orchard. We hunt over active scrapes, rubs, deer trails and feeding areas. We will assist the hunter in putting up his portable tree stand (if he wants to bring one) or we will make a ground blind. We also encourage still-hunting. This can be described as "sneak & peak." One has to move very slowly, hunt into the wind, and be aware of the surroundings. Knowing how to read a compass and having a GPS is helpful. Patience is very important. Big bucks don't often make mistakes.

Our Maine woods offer a challenging opportunity for the buck of a lifetime and the western mountains of Maine is noted for its trophy size deer. In addition to deer, also in season and covered by your hunting license is bear, coyote, rabbits and partridge (ruffed grouse). We do not charge any extra if you are lucky enough to tag any of these additional animals during your deer hunt.

IN ADDITION...WE NOW HAVE ACCESS TO OVER 8,000 ACRES OF PREMIUM GATED TERRITORY
MAXIMUM HUNTER TO GUIDE RATIO = 5 / 1
PRICE: \$900.00 PER PERSON

Bobcat Hunt With Hounds

Bobcat hunting is one of the most physically challenging hunts in the Northeast. This is done by traveling wood roads early in the morning, whether by 4-wheel drive vehicles or snowmobile, looking for respectable cat tracks to put the dogs on. Snow conditions are of great importance to this hunt. Hunters should be in good physical condition as the hunt may require walking long distances in deep snow with snow shoes. It can get extremely cold so you need to bring

long underwear, heavy socks, shirts, pants, sweatshirt with a hood, vest, wool pants and wool coat, hat, mittens, felt lined packers and a boot dryer.

We will go where ever necessary to insure that you get the best snow conditions for your hunt. This is a six day hunt. You arrive Sunday afternoon and depart the following Sunday morning.

MAXIMUM HUNTER TO GUIDE RATIO = 2 / 1
PRICE: \$2200.00 PER PERSON

Location /Terrain: Stony Brook Lodge is located just outside of the small town of Wilton, in the foothills of Maine's Western Mountains. Our hunting area covers a vast area of about 3500 SQUARE MILES. We do this to insure that we do not over harvest the areas we hunt thus insuring you the opportunity for trophy big game. Most of this area is paper company lands where we lease bait sites although we do also hunt some private and public lands as well. The Western Mountains of Maine is well known for its unique mix of swamps, beech and oak ridges, softwoods and apple orchards and rugged remote terrain. The vastness of this area provides excellent habitat and feed for the big game we are looking to harvest.

Location/Terrain: Sunset View Lodge originally was a fishing camp nestled on the shore of Palfrey Lake on the southern end of the East Grand Lakes that separates Maine and New Brunswick. In 1971 Spring Bear hunting was added to the venue. The lodge is located just seven miles over the Maine/New Brunswick boarder. The rustic setting is easily accessible by vehicle although the road can be muddy in the early spring so 4-wheel drive is recommended. The lake is only a stones throw from the cabins. We transport you out to the stands that consist of permanent tree stands or some ground blinds. Our stands provide natural camouflage cover but clear shooting lanes. Many of our bait sites have been in existence for over 30 years and are in the heart of fir and cedar country – the perfect habitat.

SUNSET VIEW LODGE MCADAM, NEW BRUNSWICK

About Us: Sunset View Lodge has been in operation for over 100 years. We purchased the lodge in 1993 after working there overseeing the operation for five years. This allowed for a smooth and uneventful transfer of ownership. Plus having operated Stony Brook Lodge in Maine for 13 years prior to taking on this operation, we were fully versed in knowing what it takes to make a successful bear camp. We make the same commitment for our Spring Bear hunts – to make your hunt productive as well as memorable. We specialize in the Spring Bear in New Brunswick. Our hunter to guide ratio is 3 to 1, in accordance with New Brunswick law. We limit the number of hunters per week to match this ratio thus keeping our commitment for personalized service. We provide all meals, lodging, transportation to and from the hunting area and guided services. There are NO gate or hidden fees.

Although we do not guide fishermen out of the lodge, we do supply our hunters with boats, motor and gas at no additional cost. You can wet a line and try your luck with the numerous smallmouth bass, land-locked salmon, white perch, and pickerel that inhabit the lake. We do offer unguided fishing trips at reasonable rates during our spring bear hunting season. So if you are not interested in hunting you can still take advantage of our hospitality and services.

In addition to great bear hunting and fishing, bring your ATV. You can ride hundreds of miles on unrestricted trails and wood roads. The best riding available in the Northeast right from your camp door!

Lodging: Sunset View Lodge has a main lodge where the dining room is located. There are two bunk rooms upstairs over the kitchen/dining room each of which can accommodate 6 people. We have 3 cabins, all of which contain a woodstove, gas refrigerator, gas stove, gas lights, a toilet and running water. The newly renovated cabins can accommodate at least 6 people each however we do not mix parties. You will NOT be sharing a cabin with people you did not book with. These rustic cabins are unique and charming. Plenty of room to spread out and you can enjoy the view from your screened in porches. Each group will have their own cabin or bunkroom. The shower house provides hot showers with a gas hot water heater and all water is gravity fed. The generator is run periodically during the day and every evening providing lighting for the meals and skinning.

SUNSET VIEW LODGE - NEW BRUNSWICK

NEW BRUNSWICK HUNTING

Spring Bear Over Bait

New Brunswick is noted for its abundant population of Black Bear and we do everything in our power to help you take one of these trophy animals. We personally transport and guide you to your baited stand, bait the bait for you and pick you up after shooting hours. We have approximately 150 sites that we keep active by baiting every day. The bear are baited with special baits and scents that will draw them from long distances and will keep them coming back. All hunters are put on active stands and we move you every two days if you have not scored. You could have up to 3 stands in the week. This helps increase your success and reduces the chance that the bears will become accustomed to having hunters on the stands. All tree stands are permanent stands 12' to 14' high. Tree stand shots vary from 12 to 20 yards – Bow stands offer 12 to 14 yard shots. We also have numerous ground blinds that offer more comfort and longer shots. All stands are strategically located to provide cover for the hunter and natural habitat for the game. Although the average weight of a spring bear is slightly less than in the fall, you will not find a more plush or soft bear hide and the hide squares the same as a fall bear. The average bear weighs 150 to 300 pounds but we have taken bear weighing over 500 pounds. Our weights are actual scaled weights – not estimated!

Although we do not guide fishermen, we provide our spring bear hunters with boats, motor and gas at no additional cost. You need to bring your own life jackets and fishing tackle (ie: rods, reels, flies or lures, etc.).

MAXIMUM HUNTER TO GUIDE RATIO = 3 / 1

PRICE: \$1900.00 PER PERSON

2nd BEAR OPPORTUNITY: \$950 (plus 2nd license fee)

SPORT FISHING PACKAGE

Palfrey Lake, one of the southern most lakes of the East Grand Lakes, is historically known for its impressive ability to produce trophy Landlocked Salmon, Smallmouth Bass, White Perch and Pickerel. This body of water, with its rocky shoreline and bottom, provides incredible habitat for fishing and excellent lake structure to produce trophy fish.

We provide the sport fisherman with a dedicated 14-ft aluminum boat, with a 15 horsepower outboard motor and all the gas you need. Your cost includes your meals, lodging and the boat, motor and gas. You need to provide your own life jackets and fishing tackle (ie: rods, reels, flies or lures, etc.).

MAXIMUM 3 FISHERMEN PER BOAT –

PRICE: PER PERSON \$900.00 (PARTY OF 3 OR MORE)
